SPONSORED BY

**\$10 FEE for those who DO NOT have:
Medicare (Part B) or Medicaid**

PLEASE BRING YOUR MEDICARE OR MEDICAID CARD AND I.D.

Influenza ("FLU") is a viral infection of the bronchial tubes and lungs that can cause illness to people of all ages. Populations who were most vulnerable to incurring serious illness and/or death from exposure to the influenza virus are the elderly, children 6 months – 18 years of age and people with serious health problems.

Children 6 months or younger, people with severe allergic reactions to chicken eggs, or a history of Guillian Barre' Syndrome, or a severe reaction to a previous flu shot, **SHOULD NOT** get this vaccine. If you have a fever or are currently sick with an acute respiratory or other infection or illness, you should see your doctor prior to receiving this vaccine.

***TO BE PROTECTED, YOU NEED A "FLU" SHOT EVERY YEAR.
IF YOU HAVE ANY QUESTIONS REGARDING THIS MATTER
PLEASE CONSULT YOUR PHYSICIAN.***
